#### ***The seminar will cover:***

Opioid Use and Abuse and Physician Supported Fraud in the Medical Claims System

1. Pain - what it is and is it normal - how to recognize it and how to measure it.
2. Opioids - what they are and why we need them.
3. When to use them and when to continue support.
4. How to recognize abuse and when to cease support for them.

Physician Supported Fraud in Disability Claims

1. For the claimant.
  2. For the treatment/ rehabilitation facilities.
  3. For themselves.
  4. How to hold physicians accountable.
- 
1. The value of an IME in determining impairment, disability and abuse.
  2. The value of an FAE in determining function to return to work.
  3. The value of a forensic vocational assessment to not only determine what work can be performed and is available, but how it can be therapeutic when integrated as part of the rehabilitation process in dealing with substance abuse.
