

# Join Us in Toronto!!

**AN OVERVIEW OF THE PERSONAL  
HEALTH INFORMATION  
PROTECTION ACT:  
BREAKFAST  
with  
THE PRIVACY COMMISSIONER  
of Ontario**

**TORONTO, ONTARIO  
APRIL 28, 2011**

**ANN CAVOUKIAN, Ph. D  
PRIVACY COMMISSIONER, ONTARIO**

Dr. Ann Cavoukian is recognized as one of the leading privacy experts in the world. Noted for her seminal work on Privacy Enhancing Technologies (PETs) in 1995, her concept of *Privacy by Design* seeks to proactively embed privacy into the design specifications of information technology and accountable business practices, thereby achieving the strongest protection possible. In October, 2010, regulators from around the world gathered at the annual assembly of International Data Protection and Privacy Commissioners in Jerusalem, Israel, and unanimously passed a landmark Resolution recognizing *Privacy by Design* as an essential component of fundamental privacy protection. This was followed by the U.S. Federal Trade Commission's inclusion of *Privacy by Design* as one of its three recommended practices for protecting online privacy – a major validation of its significance.

An avowed believer in the role that technology can play in the protection of privacy, Dr. Cavoukian's leadership has seen her office develop a number of tools and procedures to ensure that privacy is strongly protected, not only in Canada, but around the world. She has been involved in numerous international committees focused on privacy, security, technology and business, and endeavours to focus on strengthening consumer confidence and trust in emerging technology applications.

Dr. Cavoukian also serves as the Chair of the Identity, Privacy and Security Institute at the University of Toronto, Canada, and is a member of several Boards including, the *European Biometrics Forum*, *Future of Privacy Forum*, RIM Council, and the *Ponemon Institute*. In 2009, Dr Cavoukian was re-appointed as Commissioner for an unprecedented third term.
